The Companies/organizations which are desirous of offering Full Time placement as well as Internships, can use this JAF for both the purposes. Such of those firms which only offer Summer Internships/Project Internships, they may please ignore Salary column.

Note:

- Apart from the inputs provided by the HRs of the Companies/Organizations in the JAF, the students have a right to seek clarifications, wherever necessary, from HRs of the Company/Organization during the course of PPT.
- Once the JAF is filled completely and sent to the Institute, the Companies/Organizations have no right to reduce the CTC or alter any other specific terms like; Period of Bond, etc. Also, while issuing the offer letters to the selected students, it is mandatory on the part of the Companies / Organizations to comply with the terms agreed in the CPNF.
- For holding on-line tests, as part of campus placement process, the Computer Labs will be made available. However sometimes it is difficult to facilitate online tests, as the local electricity officials or internet service provider undertake maintenance works and that the same causes power outage for longer duration.
- Accommodation and food are provided at the institute guest house for the company on prior intimation (12 days) and the cost of these are borne by the institute. In case the company executives wish to stay outside the campus all arrangements for the accommodation & transportation are made but costs are to be borne by the company.
- It will always be a great appreciation for us if the representatives of the Company/Organization declare the result of the Selection in a day or two once the selection process is over at the Campus.
