2.9 Examination & Evaluation

B.Tech

Internal Evaluation

For lecture or lecture cum practical courses, two tests will be conducted. The details of weightage of marks for the tests and assignments will be decided by the course coordinator in consultation with the DCC. These details will be announced to the students in the beginning of the semester. The AAC should be informed of these details in the beginning of the semester. For laboratory practical, the teacher of the laboratory in consultation with the DCC decides the number of tests.

For all Lecture based courses, mid-term exam (25 %) and internal evaluation (25 %) [Quizzes, Assignments etc.] together carry 50% weight and the end-term examination carries 50% weight. For laboratory practical, end-term exam is not mandatory. If end term exam is planned for a practical course, it should be conducted before the last instructional day and the weight for it should not exceed 40%. For lecture cum practical courses, assessment, procedure is to be a properly weighted combination of those for lecture and those for practical components, and is to be decided in the DCC. For practical component courses like Physical Education and Value Education, the concerned teachers, in consultation with the AAC shall decide the assessment procedure.

Examination

There will be one mid-term examination of one and a half hours duration on each lecture based or lecture cum practical course. There will be one end-term examination of three hours duration on each lecture based or lecture cum practical course.

Make up examination

Students, who miss the mid-term or the end-term examinations for valid reasons are eligible for

a make-up examination. Those who miss mid-term and/or end-term exam should apply to the Head of the concerned course department (in the case of third and higher semesters) or to the HoD, HS (in the case of first/second semester) through the faculty advisor within the five days after the completion of the prescribed exam, giving the reasons for absence. Applications received after this period will not be entertained. All make-up exams for mid-term test should be completed with evaluation within 10 days prior to the end-term exam. All the make-up exams for end-term test should be completed with evaluation before the commencement of the next semester.

Permission to appear for make-up exam will be given under exceptional circumstances such as admission to a hospital due to illness, etc.

Students residing in the Hostels should produce a Medical Certificate issued by a Medical officer of the Institute certifying that he/she was admitted to hospital during the period of exam. The application should be routed through and approved of by Chief Warden.

Students residing outside the campus must produce a medical certificate from a Registered Medical practitioner and the same should be duly endorsed by parent/guardianand also by a medical officer of the institute, within 5 days.

A student who misses the make-up exam will not be allowed to appear for another make-upexam. However, in exceptional cases of prolonged illness resulting in the student missing make-up exam, the Chairman of the Senate may permit the student to appear for a second make-up exam

Project Evaluation

The B.Tech. Project is done in the final year of the undergraduate programme and is divided into two stages. Normally the first stage is done in odd semester and the second stage in subsequent even semester. Through the project work the student has to exhibit both the analytical and practical skills. On completion of the project, the student will submit a project report that will be evaluated by duly appointed examiners. A panel of examiners should be finalized by HoD in consultation with all faculty members of the concerned department. The project evaluation will be based on combining the reports of internal and external examiners (outside the department). Suitable weights must be given to the qualitative and quantitative results of the project and evaluated by a viva voce exam.

Grading

- 1. The faculty will return evaluated tests, assignments, tutorials, term papers, etc., within two weeks after their respective test/examination etc..
- 2. Only the final grades (after approval by DCC) and attendance of all the students should be communicated by the teachers of the courses. Students may seek clarification regarding grades etc., from the concerned Course coordinator, if required.
- 3. The DCC meeting will be convened within ten days after the last day of the end-term examination. The letter grades to be awarded to the students for different subjects will be finalized in the meeting.
- 4. Based on the relative performance, each student is awarded a final letter grade for each of

the course. The letter grades and the grade points are as follows:

| Grade | Grade Points (GP) | |
|-------|--|--|
| S | 10 | |
| A | 9 | |
| В | 8 | |
| С | 7 | |
| D | 6 | |
| P | 5 | |
| F | 0 (Failure) | |
| W | 0 (Failure due to insufficient attendance) | |
| I | 0 (Actual grade to be awarded later) | |
| SA | 0 (Satisfactory, only for Pass/Fail Courses) | |
| US | 0 (Unsatisfactory, only for Pass/Fail Courses) | |

- 5. A student is considered to have credited a course or earned credits for a course only if he/she secures a grade other than F, W or I for that course.
- 6. A 'W' grade is treated as equivalent to 'F' for the purpose of CGPA calculation, and the following criteria, in addition to poor attendance (less than 80%) may be considered for the award of 'W' grade:
- (I) Badly incomplete in-semester record (due to non-medical reasons),
- (ii) Misconduct or use of unfair means in the examination, assignments, etc., or a behaviour serious enough to call for disciplinary action in the opinion of the Faculty advisor or teacher of a course.

In such cases, award of 'W' grade is taken up as an immediate action. Further, the case may be referred to the DC for consideration of further punishment depending on the seriousness of the offence.

M.Tech

Assessment Procedure

The DCC will decide from time to time the system of tests and examinations in each subject in consultation with AAC and inform the same to the Senate.

Students may seek clarification regarding grades etc., from the concerned Course coordinator, if required. The DCC will be convened within ten days after the last day of the end-term examination. The letter grades to be awarded to the students for different subjects will be finalized at the meeting. Based on the relative performance, each student is awarded a final letter grade in each course. The letter grades and the grade points are as follows

| Grade | Grade Points | Description of Grades |
|-------|---------------------|--|
| S | 10 | Outstanding |
| A | 9 | Excellent |
| В | 8 | Very Good |
| С | 7 | Good |
| D | 6 | Average |
| P | 5 | Below Average |
| F | 0 | Failure |
| W | 0 | Failure due to insufficient attendance |
| I | 0 | Actual grade to be awarded later |

- 1. A student is considered to have credited a course or earned credits in respect of a course if he/she secures a grade other than F, W or I for that course.
- 2. A 'W' grade is treated as equivalent to 'F' for the purpose of CGPA calculation, and the following criteria, in addition to poor attendance (less than 80%) may be considered for the award of 'W' grade:
 - (i) Badly incomplete in-semester record (due to non-medical reasons),
 - (ii) Misconduct or use of unfair means in the examination, assignments, etc., or a behaviour serious enough to call for disciplinary action in the opinion of the Faculty advisor or teacher of a course.

In such cases, award of 'W' grade is taken up as an immediate action. Further, the case may be referred to the DC for consideration of further punishment depending on the seriousness of the offence.

Ph.D

Constitution of DRC and progress during Ph.D

- Candidate will enrol for coursework, as self-study/lectures and complete 12 credits achieving a
 letter grade of at least 7.0 grade points in each course. The choice of coursework is based on
 decision of the candidate's supervisor and DRC and this is recommended to help the candidate
 with preparatory work for research.
- 2. Candidate's DRC will comprise of a Chairperson, Head of Dept. (HoD) or his/her nominee, usually of the rank of Professor preferably from the same department, Internal Expert Area expert from the Department, External Expert Area expert from another department, and the Supervisor(s). The same should be informed to AAC.
 - Reconstitution of DRC member(s) with internal/external expert is subjected to approval from AAC. In such a case the outgoing internal/external expert is not responsible for the candidates' further progress.
- 3. Candidate will have to appear for a Comprehensive Examination, within two years of registration of Ph.D., based on the courses approved by DRC. He/she will have to demonstrate satisfactory progress/performance in written examination or course viva-voce and must fulfil the departmental norms in force for evaluation of course works from time to time.
- 4. Candidate will present a research seminar as a part of the comprehensive examination to the DRC. In this presentation, he/she should identify his/her problem statement, thesis title and methodologies in the chosen problem area(s). He/she should have preferably published at least one paper in a reputed conference. The DRC may then approve and recommend him/her for "Confirmation of Registration" of Ph.D. along with confirming the area/title of his/her proposed work by a written communication to AAC. A maximum of two chances will be given for completion of comprehensive examination within the stipulated time. In case, the student is not able to clear Comprehensive Examination in the first attempt, one last chance will be given for completion, within the stipulated 2 years' time.
- 5. Candidate will give research progress seminar every semester before the DRC. His/her progress will be monitored with recommendations that must be effectively incorporated by him/her. Candidate will be evaluated for his/her research progress through the seminar conducted in each semester, which will further be graded as- "SA" for satisfactory and "US" for unsatisfactory. The DRC sends these report/comments to the AAC at the end of every semester. The DRC has to maintain adequate record of the candidate's progress and communicate the same to AAC at the end of every year.
- 6. If a candidate gets "US" for the first time, the DRC warns the candidate and allows him/her to proceed with the research work. In case the candidate gets "US" grade second time, his/her case may be recommended by the DRC for termination of Ph.D. registration. The recommendation should be forwarded in the form of report to the AAC.
- 7. Based on the candidate's performance in comprehensive exam and his/her research

contributions; the DRC in consultation with AAC can recommend a candidate to submit his/her synopsis within three years from the date of registration of Ph.D.

- 8. Candidate may be allowed to present a pre-synopsis seminar and submit synopsis based on the recommendations of the DRC. A pre-synopsis seminar can be allowed if he/she has received reviews on at least one paper developed and communicated to a reputed peer reviewed journal (preferably, SCI journal). At least one journal paper should be accepted/published in peer reviewed journal (preferably, SCI journal) prior to synopsis seminar. A candidate may be allowed to repeat a pre-synopsis seminar based on the recommendations of the DRC. In case of approval of the research work presented in the synopsis, he/she must submit the thesis within three months of successfully presenting the pre-synopsis seminar.
- 9. DRC will identify a panel of minimum four examiners for the purpose of thesis evaluation and communicate the same to AAC. This panel will comprise of names of examiners from within and outside the country (four in each category). In each category, it is strongly recommended that the Examiners/Reviewers be chosen from reputed national and international institutions. Assignment of thesis examiners and the communication of reviews will be handled by the AAC.
- 10. The thesis defence will be decided based on the review reports received from the examiners. The review recommendations may fall into the following categories:
 - i) If both the reports are positive, then the viva-voce examination can be conducted.
 - ii) If one is positive and another suggests minor revision, the candidate may be asked to revise and send to the same reviewer provided the reviewer has asked to send it to him/her. If the reviewer has asked to revise and present in the viva-voce then the revisions should be incorporated and presented during the viva-voce. If one reviewer reports recommendation for strongly acceptance and any other reviewer rejects, then Director's decision is final in recommending for viva-voce.
 - iii) If one of the reviewers gives acceptance and other reviewer suggest major revisions with the suggestion to send back to him/her, the candidate should incorporate the comments and the revised thesis should be communicated. In case, the revised thesis also receives negative comments then the thesis can be sent to the third reviewer. If the revised thesis receives further negative comments, then Director's decision is final in recommending for viva-voce.
 - iv) If all the reviews are negative, the candidate should work and modify the thesis and resubmit the revised thesis.
- Thesis defence and viva-voce examination of the Candidate will be open to all. The defence will be headed by Chairperson DRC and at least one external Examiner (preferably, one of the reviewers).

7.5 Student Chapters

SPIE

The Societyof Photo-Instrumentation Engineers, known as SPIE opened its Student Chapter at NIT Goa in 2012 with a goal to promote research and disseminate knowledge in the field of Optical Engineering at undergraduate level. The NIT Goa 'SPIE Student Chapter' was the largest student chapter across the globe in 2013-14 academic year. The chapter organized two-day technical programme to celebrate the 'International Year of Light' in 2015.

In January 2016, SPIE Student chapter in association with Laser Mission 10X organized an All Science and Technology Quiz competition for the school students across 395 schools in Goa. The student chapter is active throughout the year with technical and leadership events and also, will be

organizing Asian Students Photonics Conference 2016 jointly with Manipal University Student Chapter in December 2016. The chapter wants to encourage the high school students as well, through the upcoming event, All Goa Science Fair to be held on 20th August, 2016. SPIE student chapter is also sending UG Students to Students Leadership Congress at USA every year with sufficient funding. So far, five UG students were attended this program. This year Ms. Priyasingh is representing the NIT Goa SPIE student chapter.

TOASTMASTERS CLUB

Toastmasters Club of NIT Goa is a part of Toastmasters' International of the US. The NIT Goa chapter of it has been expanding its wing with a great a number of members. A good number of students from National Institute of Construction Management and Research (NICMAR) and Goa Engineering College have taken the membership of this club in 2016. The club members meet every Thursday to conduct activities relating to mainly Public Speaking.

IEEE STUDENTS CHAPTER

IEEE Students branch of NIT Goa (branch code-11051) was formed in 2012 with 12 student members and has been actively taking part in 24 hour Xtreme programming competition organized annually by IEEE. Apart from this, student chapter regularly organizes quiz and other online competitions for greater mobilization and participation of students in IEEE activities. This year, IEEE student branch had organized a talk on 5G cellular system, technical quiz and programming competition along with some brain storming sessions on innovation. The CSE department is also in the process of adopting IEEE CS's Software Engineering Body of Knowledge (SWEBOK) curriculum as an additional reference material for the students of NIT Goa.

SPECTRA

The Department of Electronics and Communication Engineering has established a student club called "Spectra" in 2014. In 2015, ECE council organized several cultural activities to bring out talents from students and also to make a healthy relation among seniors and juniors students. This club closely works with NIT Goa IEEE Student Branch to organize technical talks and quizzes. The mission of this club is to spread an awareness of emerging technologies across the state of Goa. The students of the club meet once a month and organize technical talk sessions.

TESLA

The Electrical Students Luminous Association, popularly known as TESLA is a technical club run by the students of Department of Electrical and Electronics Engineering. The students of the club meet once in a month and organize technical talk sessions. It also aims at providing hands on training in the fields of automation, robotics, image processing, etc. This year TESLA has organized a guest lecture on "Role of Educational Institutions in the Promotion of Renewable Energy" and also, industrial visits to SRLDC Bangalore, HVDC Kolar, Vedanta Ltd. Annual Report (2015-16) 119

Separate Audit Report of the Comptroller and Auditor General of India on the Accounts of the National Institute of Technology (NIT), Goa for the year ended 31 March 2016.

We have audited the attached Balance Sheet of the National Institute of Technology Goa, ('the institute') as at 31st March 2016 and the Income and Expenditure Account/Receipt and Payment Account for the year ended on that date under section 19(2) of Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971. These financial statements are the responsibility of the Institute's management. Our responsibility is to express an opinion on these financial statements based on our audit.

- (2) This Separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observations on financial transactions with regard to compliance with the Law, Rules and Regulations (Propriety and Regularity) and efficiency-com-performance aspects, etc., if any, are reported through Inspection Reports/ CAG's Audit Reports separately.
- (3) 'We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis,

evidences supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for your opinion.

- (4) Based on our audit, we report that:
 - i. We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit;
 - ii. The Balance Sheet, the Income & Expenditure Account and the Receipt & Payment Account dealt with by this report have been drawn up in the format prescribed by the Ministry of Human Resource Development, Government of India vide order No 29-4/2012-IFD dated 17 April 2015.
 - iii. In our opinion, proper books of accounts and other relevant records have been maintained by the Institute as required of the NIT statutes in so far it appears from our examination of such books.
 - iv. We further report that:
 - A. Balance Sheet
 - A.1 Liabilities
 - A.1.1Corpus/Capital Fund (Schedule-1) Rs.1660.01 lakh

Understatement of Corpus Fund due to excess depreciation charged

Depreciation on fixed assets was charged on Written

Down Value (WDV) basis as per Income Tax Act, 1956 instead of at the rates prescribed for Central Higher Educational Institutions as per the new Format of Financial Statements. This has led to overstatement of depreciation of Rs. 65.24 lakh and consequent understatement of fixed assets as well as Corpus/Capital Fund.

B. General comments

- 1. The interest income earned by the Institute on the earmarked funds amounting to Rs.7.68 lakh, Rs.5.55 lakh, Rs.42.92 lakh and Rs. 90.43 lakh, during the year 2010-11, 2011-12, 2012-13 and 2013-14 respectively were treated as income of the Institute in the respective years and the said amount totaling Rs.147 lakh has been added to the Fund during the current year. The same has however not been disclosed in the Notes to Accounts and also not reported to the Ministry in the utilization certificates submitted by the Institute.
- 2. The Institute had erroneously deducted depreciation of Rs. 65.14 lakh and Rs. 144.87 lakh for the years 2013-14 and 2014-15 respectively from the grants received, as amount utilized while

reporting utilization of grants to MHRD. The said amount has been added back to the grants during the current year. The fact has however not been disclosed in the Notes to Accounts.

3. The Accounting Policy states that all Stores and Spares are treated as expenses. As per New Format of Accounts, the small value assets are to be depreciated fully at the time of acquisition. The details of such small value assets are required to be exhibited in the Accounts under Schedule 4D. However, no disclosure of the same has been made by the Institute. Similarly expenditure incurred on purchase of chemicals, glassware, publications and other stores is accounted as revenue expenditure except that the value of closing stock held on 31st March is to be set up as inventories which are valued at cost. information required to be reflected under Schedule 7 of the Accounts under current assets is shown as 'nil' and no disclosure is made by the Institute as required.

C. Grants-in-aid

Out of the grants-in-aid of Rs.2106.66 lakh (including unspent balance of Rs.406.66 lakh of previous year) the institute could utilize an amount

Annual Report ∢2015-16 > ■

of Rs.1223.89 lakh (Rs.1053.62 lakh as recurring grant and Rs.170.27 lakh as non-recurring grant) leaving-an unspent balance of Rs.882.77 lakh as on 31/3/2016. As per utilization Certificate the unspent balance is Rs. 736 lakh.

D. Management letter

Deficiencies which have not been included in the audit report have been brought to the notice of the Institute though a management letter issued separately for remedial/corrective action.

- v. Subject to our observations in the preceding paragraphs, we report that the Balance Sheet and Income & Expenditure Account and Receipt & Payment Account dealt with by this report are in agreement with the books of accounts.
- vi. In our opinion and to the best of our information and according to the explanations given to us, the said financial statements, read together with the Accounting Policies and Notes on Accounts, and subject to the significant matters stated above and other matters mentioned in the Annexure to this Audit Report, give a true and fair view in conformity with accounting principles generally accepted in India:
